

Tradelink Electric Operat Beach

03/24/2025

Volvo Trucks North America, Inc. (Volvo Trucks NA), based in Commerce, Michigan, is proud to announce that Tradelink Transport has deployed 15 Volvo VNR Electric trucks for sustainable drayage operations at the Ports of Los Angeles and Long Beach. This marks a major milestone in Tradelink's commitment to quality in one of the most demanding environments in the industry.

In addition to its fleet of 21 compressed natural gas (CNG) trucks, Tradelink's mix allows Tradelink to serve its customers with a cleaner, more sustainable drayage operation.

"Transitioning to electric demands collaboration with Volvo Trucks and our customers towards zero. Tradelink's visionary fleets and sustainability goals are a testament to our commitment to a greener future."

Tradelink's battery electric trucks (BEVs) are charged overnight and run to the Inland San Bernardino County afternoons. The trucks are charged overnight and run to the Inland San Bernardino County afternoons. The trucks are charged overnight and run to the Inland San Bernardino County afternoons.

Tradelink's decision to invest in Volvo VNR Electric trucks aligns with its commitment to providing a superior driving experience. The company primarily operates an employee-driver model and
